

# XXL Cargo Guide

ANL can provide its customers with a high level of expertise for the transport of XXL cargo.

As part of the world's third largest container shipping group we accommodate our customers' special cargo, handle it with optimum care; even if it does not fit into a standard container.

XXL cargo means special requirements and ANL offers tailor-made solutions to each of its customers' challenging demand, and brings:

- an expertise of more than 50 years
- an extensive worldwide network of ports, agencies and offices
- numerous liner services ensuring timely and speedy delivery
- technical know-how for safe and secure handling of your cargo
- modern equipment adapted to load your XXL cargo

ANL transports all types of XXL cargo from delicate shipments such as helicopters and yachts to large and heavy equipments such as turbines, engines and factory components.

All of our vessels can transport XXL cargo, and for all cargoes ANL's experts:

- make appropriate technical studies to determine the safest way to ship XXL cargo
- follow each shipment individually with complete operational coordination
- provide personalised customer service at all stages

Depending on its dimensions and weight, XXL cargo will be loaded on a specific type of container.

### Open Top containers

Similar in all respects to a general purpose container except that it does not have a rigid roof but may have a flexible and removable cover, supported on removable roof bows.

#### Examples

Any cargo that can only be loaded from the top, such as light machinery (< 26 T), over-height cargo, etc.

#### Technical data

Type	Size	m3	Max Payload (kg)
20' open top	20' x 8' x 8'6"	32	28,280
40' open top	40' x 8' x 8'6"	66	26,600

### Flat Rack containers and platforms

Strong based platform containers with collapsible ends (Flat Rack) or without collapsible ends (platforms).

#### Examples

Any oversized or heavy cargo, such as cable reels, road work machines, factory parts, trucks, sailboats, etc.

#### Technical data

Type	Size	Max gross weight (kg)	Max Payload (kg)
20' flat-rack	20' x 8' x 8'6"	34,000	31,250
40' flat-rack	40' x 8' x 8'6"	45,000 / 50,000	39,980 / 44,900

Type	Max Payload (kg)
20' platform	22,100
40' platform	40,600
